

POST-DELIVERY

CABINET CHECKLIST

Unpack and **check-in all your components** as soon as they arrive to make sure nothing is **damaged** or **missing**. By doing this, you provide time to get **replacements** for damaged or missing parts before you are in desperate need of them.

Correct quantity of cabinet components

Correct sizing

Correct edge banding

Correct material

Correct finish

Correct prebore

No damage/defective items

Additional Items for Assembly (If applicable- some orders may have hinges and glides included, otherwise these are to be purchased seperately):

Screws always need to be purchased separately

Hinges + [hinge screws](#) (screws sold separate regardless)

Drawer glides + [screws](#) (screws sold separate regardless)

Wood glue

Staple gun/ Finishing nails and hammer
